I. Formulas

1. Math Utilites

1.1. Some chapter

Def 1.1 Limits Some limit utilites:

$$\lim_{n \to \infty} f(n)$$
$$\lim_{n \to 0} f(n)$$

$$\lim_{n\to n_0,\ n\neq n_0}$$

Def 1.3 Sequences Let $a \in \mathbb{R}$, $b \ge 0$ be such that this text wraps at some point.

$$(a_n)_{n\geq 0}$$

 $(a_n)_{n\in\mathbb{R}}$

Lemma 1.6 Series

$$\sum_{n=0}^{\infty} a_n$$

$$\sum_{n=-1}^{\infty} |a_n|$$
